## To use the Monitor & Insect Trap

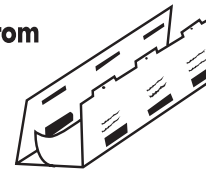

1. Fold the trap on the 2 lengthwise scores on either side of the adhesive pad.

2. To separate into 2 or 3 smaller traps fold the closed trap at the perforations which separate the 3 sections. After folding, tear the sections apart.

3. Remove paper from adhesive pad.

4. Insert tabs into slots to make enclosed trap.

5. If trap is to be attached to a surface, remove narrow paper strip on the bottom of the trap and press trap to surface in desired position.
